

PRIMER SELECTIONS WOOD - INTERIOR / EXTERIOR

4049 Wood Kraft Fast Dry V.T. Interior Semi Gloss Sealer / Finish

A combination of quick drying sanding sealer and clear semi-gloss varnish for interior wood surfaces. When used as a multiple coat system, it gives good depth and enhances the natural grain and color of the wood. Not recommended as a sealer under urethanes, lacquer or on bar tops and floors. Fast dry, easy sanding and rich finish provides a "one container" finishing system. Will not lift or cause wrinkling of old finishes. Multiple coats may be applied in one day.

Recommended Surfaces: New Wood - Interior

4200 Accu-Pro Quick Dry Alkyd Enamel Undercoat MPI 45, 46

A excellent quality alkyd enamel undercoat designed for use on most interior wood surfaces. Easy to use with good leveling properties and excellent durability. May be topcoated with latex or alkyd finishes. This product is suited for use in residential and commercial applications, where higher sheen or premium finish coats will be used.

Recommended Surfaces: Gypsum Board, Wood, MDF - Interior

5011 X-Teminator II Water Borne Primer / Sealer

Quick drying interior/exterior primer with exceptional sealing, adhesion and stain killing/blocking properties. Recommended for use on drywall, plaster, hardboard, masonry, wood and previously painted interior walls, ceilings and trim. Will block stains, seal surfaces and provide excellent adhesion on most substrates.

Recommended Surfaces: Gypsum Board, Wood, MDF, Plaster, Concrete, CMU - Interior and Exterior

5862 Embassy-WB Cancel 100% Acrylic Primer MPI 6,39

An extremely versatile 100% Acrylic Primer. This breathing-type latex primer retains its flexibility to form a perfect foundation for all types of finishes. Embassy is specially formulated to sand quickly after application. It is a water reducible, alkali resistant, fast-drying primer. May be top-coated with most finishes, water or solvent-reduced. The flat finish is ideal for easy application of the finish coat and develops excellent adhesion to most properly prepared surfaces.

Recommended Surfaces: Gypsum Board, Wood, MDF, Plaster, Concrete, CMU - Interior and Exterior

9200 Accu-Pro Duo Prime Exterior Alkyd Primer MPI 7

The classic alkyd/oil primer that has, for decades, set the standard as a premium primer for exterior wood. High volume solids and high film build makes Duo-Prime an ideal prime coat for new or previously painted exterior wood. Linseed oil "wets" bare wood fibers and penetrates the fine cracks in oil paint films to form an ideal foundation for either latex or alkyd type finishes. Outstanding tannin stain protection on cedar and redwood.

Recommended Surfaces: Wood - Exterior
