PRIMER SELECTIONS

PLASTER / CONCRETE / MASONRY / CMU INTERIOR / EXTERIOR

5011 X-Terminator II Water Borne Primer / Sealer

Quick drying interior/exterior primer with exceptional sealing, adhesion and stain killing/blocking properties. Recommended for use on drywall, plaster, hardboard, masonry, wood and previously painted interior walls, ceilings and trim. Will block stains, seal surfaces and provide excellent adhesion on most substrates.

Recommended Surfaces: Gypsum Board, Wood, MDF, Plaster, Concrete, CMU - Interior and Exterior

5193 Accu-Pro WB Interior / Exterior Clear Acrylic Sealer

A water-borne acrylic clear sealer for use over bare masonry. Seals and stabilizes the substrate, enhancing the performance of topcoats. Maximizes topcoat adhesion, promotes uniformity of topcoat sheen, and protects topcoats from alkalinity and efflorescence. Helps prevent penetration of moisture through newly sealed pores. An excellent base sealer for subsequent topcoats. Safe and easy to apply, environmentally friendly.

Recommended Surfaces: Plaster, Concrete, CMU - Interior and Exterior

5862 Embassy-WB Cancel 100% Acrylic Primer MPI 6,39

An extremely versatile 100% Acrylic Primer. This breathing-type latex primer retains its flexibility to form a perfect foundation for all types of finishes. Embassy is specially formulated to sand quickly after application. It is a water reducible, alkali resistant, fast-drying primer. May be top-coated with most finishes, water or solvent-reduced. The flat finish is ideal for easy application of the finish coat and develops excellent adhesion to most properly prepared surfaces.

Recommended Surfaces: Gypsum Board, Wood, MDF, Plaster, Concrete, CMU - Interior and Exterior

5890 Accu-Pro Interior / Exterior Vinyl Acrylic Block Filler

A quality interior latex block filler for CMU block or porous concrete. May also be used to add a slight stipple to new plaster, repaint plaster or wallboard surfaces with far better performance and durability than with dry texture products.. Recommended for above grade application where high moisture is not encountered.

Recommended Surfaces: Plaster, Concrete, CMU - Interior and Exterior

5940 Accu-Guard 100% Acrylic Interior / Exterior Block Filler MPI 4

An exceptional ready-mixed block filler. The 100% acrylic resin formulation provides a smooth uniform finish with very good light to moderate moisture resistance. One coat allows finish coats to spread further per gallon versus the spread rate that would be achieved over an unfilled substrate. It has good holdout and may be top-coated with most finish paints such as acrylics, alkyds, and water or solvent borne epoxies. Especially resistant to the alkalinity often present in masonry.

Recommended Surfaces: Plaster, Concrete, CMU - Interior and Exterior
