

PRIMER SELECTIONS - EXTERIOR CONCRETE / MASONRY / CMU

5011 X-Terminator II Water Borne Primer / Sealer

Quick drying interior/exterior primer with exceptional sealing, adhesion and stain killing/blocking properties. Recommended for use on drywall, plaster, hardboard, masonry, wood and previously painted interior walls, ceilings and trim. Will block stains, seal surfaces and provide excellent adhesion on most substrates.

Recommended Surfaces: Gypsum Board, Wood, MDF, Plaster, Concrete, CMU - Interior and Exterior

5193 Accu-Pro WB Interior / Exterior Clear Acrylic Sealer

A water-borne acrylic clear sealer for use over bare masonry. Seals and stabilizes the substrate, enhancing the performance of topcoats. Maximizes topcoat adhesion, promotes uniformity of topcoat sheen, and protects topcoats from alkalinity and efflorescence. Helps prevent penetration of moisture through newly sealed pores. An excellent base sealer for subsequent topcoats. Safe and easy to apply, environmentally friendly.

Recommended Surfaces: Plaster, Concrete, Masonry, CMU - Interior and Exterior

5755 Accu-Pro Structural Concrete Clear Bond Coat / Sealer

A premium, 100% Acrylic emulsion water based sealer designed to prepare new concrete surfaces for finishing. This professional product provides a perfect foundation for subsequent topcoats. It has superior adhesion, resistance to alkalinity and controls efflorescence.

Recommended Surfaces: Plaster, Concrete, Masonry, CMU - Exterior

5801EpoTilt 100% Acrylic Epoxy Modified Concrete Primer / Sealer

A high solids, epoxy modified 100% acrylic concrete primer / sealer. The epoxy modification offers increased resistance to efflorescence (soluble salts), water and wear. The combined resin systems assist in tying down loose chalk and improving intercoat adhesion (100% acrylic topcoat is recommend). This coating exhibits outstanding performance over concrete and structural masonry surfaces. Outstanding for use on new tilt-up concrete structures.

Recommended Surfaces: Plaster, Concrete, Masonry, CMU - Exterior

5807 Accu-Shield 100% Acrylic Epoxy Modified Concrete Primer

An epoxy modified 100% acrylic resin primer / sealer for concrete. The epoxy modification offers increased resistance to efflorescence (soluble salts), water and wear. The combined resin systems assist in tying down loose chalk and improving intercoat adhesion (100% acrylic topcoat is recommend). This coating exhibits outstanding performance over concrete and structural masonry surfaces. Outstanding for use on new tilt-up concrete structures.

Recommended Surfaces: Plaster, Concrete, Masonry, CMU - Exterior
